

2001 Small Business Profile: SOUTH CAROLINA

That the small business sector is as an economic engine indispensable to South Carolina's well being is apparent in the *2001 Small Business Profile*, compiled by the U.S. Small Business Administration's Office of Advocacy. The results in this report show that small businesses are job generators and innovators, and that they represent an array of opportunities to the diverse spectrum of individuals in their communities.

Number of Businesses. In 2000, the number of employer businesses increased by 2.0 percent, and it is estimated that the number of self-employed individuals increase by 12.7 percent. There were 88,668 employer businesses, and nearly 97.2 percent were small (with fewer than 500 employees) in 2000. Self-employed persons were estimated at 120,627 in 2000. Women-Owned Businesses. Women-owned businesses generated \$10.6 billion in revenues, employed 100,284 workers, and constituted 64,200 firms or 24.7 percent of all firms in 1997. The data on women-owned firms are not comparable between 1992 and 1997. (Sources: U.S. Dept. of Labor, Bureau of Labor Statistics, U.S. Dept. of Commerce, Bureau of the Census)

Minority-Owned Businesses. According to the latest (1997) Census data, a total of 30,800 minority-owned businesses represented 11.8 percent of the businesses in the state and generated \$2.6 billion in revenues. Of these, 5,600 were employer businesses employing a total of 33,466 workers. There were 2,000 Hispanic-owned firms; 23,200 Black-owned businesses; 3,500 Asian and Pacific Islander-owned firms; and 2,200 American Indian and Alaskan Native-owned businesses in 1997. (The data on minority-owned firms are not comparable between 1992 and 1997.) Data may not sum to the total because an owner may be a member of more than one minority group. Small Business Income. The non-farm proprietors' share of small business income totaled \$5.4 billion—an increase of 7.4 percent from \$5.0 billion in 1999. (Source: U.S. Dept. of Commerce)

Finance. Small businesses often rely upon local bank services, and the number of banks within the state has increased over the last five years. The Office of Advocacy has published banking studies identifying banks within the state that are small-business-friendly. (See Table 2 for the number of banks by asset size.) Small businesses seeking loans should also consider lenders that participate in the SBA's preferred or certified loan programs; for a list of these lenders, call the Small Business Answer Desk at (800) 827-5722.
